

A group of five business professionals in a modern office setting. A man in a grey suit stands and points at a large document on a table, while four others (three women and one man) are seated around the table, looking at the document. The office has large windows in the background showing a city view.

SEA VZW Blockchain Portal User Manual

Nov, 2023

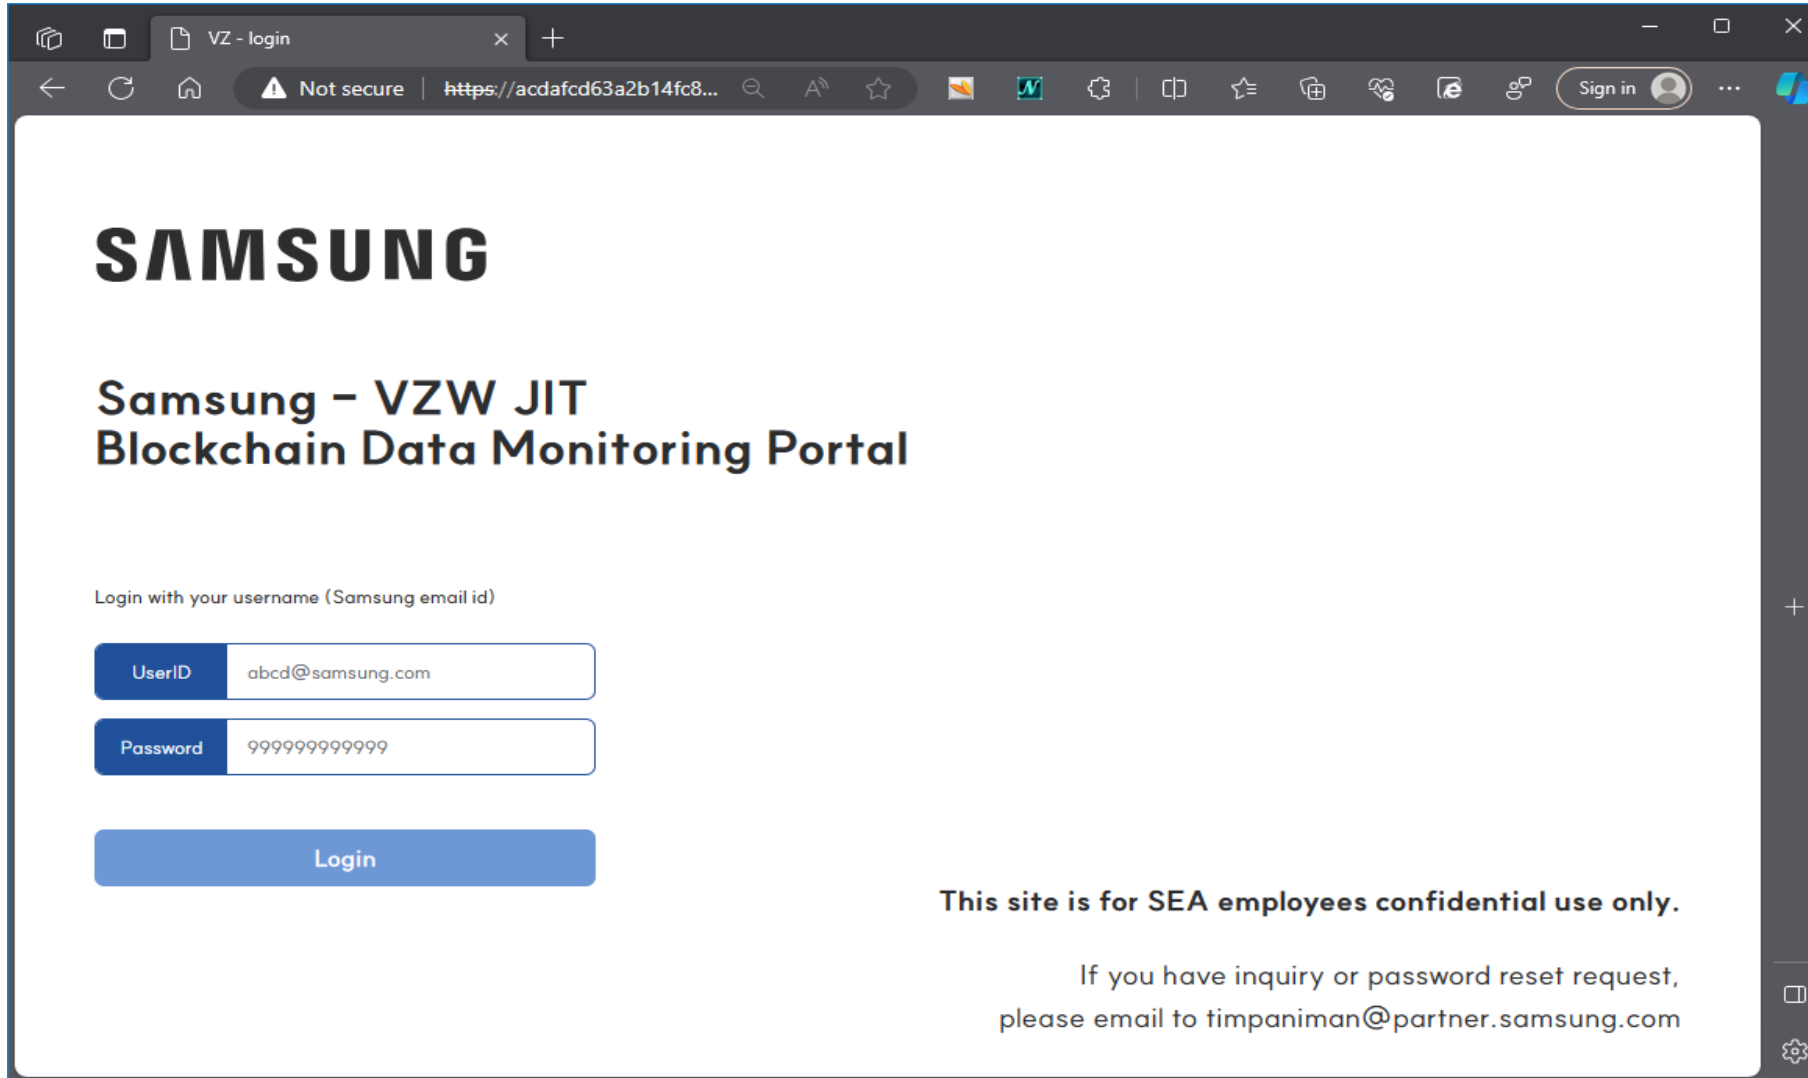

AGENDA

- 1. Login
- 2. Admin
- 3. ASN
- 4. GR
- 5. GI
- 6. Inventory
- 7. Sellout

1. Login

- Identify the latest portal URL and check the accessing-laptop's IP is whitelisted.
- For any question or request, contact the admin email as on the login screen.

The screenshot shows a web browser window with a single tab titled 'VZ - login'. The address bar shows a 'Not secure' warning and a URL starting with 'https://acdafcd63a2b14fc8...'. The page content includes the Samsung logo, the title 'Samsung - VZW JIT Blockchain Data Monitoring Portal', and a login form. The form has two input fields: 'UserID' with the value 'abcd@samsung.com' and 'Password' with the value '999999999999'. Below the fields is a blue 'Login' button. At the bottom of the page, there is a disclaimer: 'This site is for SEA employees confidential use only.' and contact information: 'If you have inquiry or password reset request, please email to timpaniman@partner.samsung.com'.

SAMSUNG

**Samsung – VZW JIT
Blockchain Data Monitoring Portal**

Login with your username (Samsung email id)

UserID abcd@samsung.com

Password 999999999999

Login

This site is for SEA employees confidential use only.

If you have inquiry or password reset request,
please email to timpaniman@partner.samsung.com

Functions

- To get set up as a new user (Admin or User role), contact the admin email on the screen
- Enter Samsung Knox email as user id
- For initial first-time login, enter user id as the password to go to password reset screen
- Follow the password policy when setting up the password
- You may get locked out during login if no activity for a while. Contact admin to unlock

2. Admin

- On the landing page, you see the top menu bar with submenu to portal screens, with links to Manual, profile, logout.
- If you are set up as Admin role, then you will be able to see this Admin menu, with User as submenu

<< < 1 2 > >> Total 11 | 10 per page

Functions

- Admin can access this User menu/screen to create and manage users
- Admin can click Add button to create a new user with Knox email as user id. Contact user when this is set up, with initial password same as userid.
- Click the Action column's checkbox to Edit or Delete the user.
- Admin can also lock and unlock the user for the selected user. User will be locked if no activity for past 2 weeks.
- Admin can also reset the user password for selected user.

3. ASN - 1

- Navigate to Delivery Order Tab first, and enter ship-date range and DO # to query. You can enter other optional filters to narrow down the result in the Pallet and IMEI tabs. This shows the ASN data uploaded to the blockchain
- Once a DO is queried, you can navigate to the Pallet tab. (This can show multiple Pallets)

3. ASN - 2

- Navigate to the IMEI List to see the line-level detail of the ASN DO. You can check the Total Count and # of records to see per page at the bottom.
- Top right corner of the table shows excel download button to download all data to local PC

The screenshot shows the Samsung VZW JIT Blockchain Data Monitoring Portal. The 'IMEI List' tab is selected and highlighted with a red box. Below the tab, there are filters for Ship Date (11/07/2022 - 11/07/2023), Inb DO. ID (6071655517), SEA SKU, and VZW SKU. There are also input fields for PALLET ID and IMEI. The main table displays a list of devices with columns: DO ID, Version, Ship Date, SKU, Pallet ID, IMEI, 2nd IMEI, MCID, SW, and SIME SN. An Excel download icon is visible in the top right corner of the table, highlighted with a red box. At the bottom, there is a pagination bar showing 'Total 740' and '10 per page', also highlighted with a red box.

5. GI

- On the GI Screen, Posting Date range is required. Other filters are optional.
- The data can be downloaded to excel. GI data is related to the ASN data uploaded to the Blockchain.

The screenshot displays the Samsung VZW JIT Blockchain Data Monitoring Portal. The browser address bar shows a URL starting with `https://acdafcd63a2b14fc8...`. The portal header includes the Samsung logo and the title "Samsung VZW JIT Blockchain Data Monitoring Portal". A navigation bar contains tabs for ASN, 3PL GR, 3PL GI (selected), Inventory, VZW Store Sellout, and Admin, along with links for Manual, User Profile, and Logout.

The search section includes a "Posting Date" field with a red asterisk and the text "Required", showing a date range of "11/07/2017 - 11/14/2023". There are also input fields for "Item No", "PO No", and "Serial No", and a "Search" button.

Below the search section is a table with the following data:

Asset ID	Block NO	Doc Type	File Version	Header Posting Date	Item No	Description	Line Number	PO Number
SCV_EDIB67_SBEQ473436SMS901ULVV	8025	EDIB67	1	06-21-2022	SMS901ULVV	SAMSUNG GALAXY S22 128 GB BORA PURPLE	001	SBEQ4734

At the bottom of the table, there is a pagination control showing "1" selected, and a "Total 36" with a dropdown set to "10" per page.

6. Inventory

- On the Inventory Screen, Posting Date range is required. Other filters are optional.
- The data can be downloaded to excel. Inventory data is related to the ASN data uploaded to the Blockchain.

The screenshot shows a web browser window with the URL `https://acdafcd63a2b14fc8...`. The page title is "SAMSUNG Samsung VZW JIT Blockchain Data Monitoring Portal". The navigation bar includes tabs for "ASN", "3PL GR", "3PL GI", "Inventory" (selected), "VZW Store Sellout", and "Admin". There are also links for "Manual", "User Profile", and "Logout".

The "Inventory Data" section contains a search form with the following fields:

- Posting Date** (Required): A date range selector showing "11/07/2017 - 11/14/2023".
- Item No**: An empty text input field.
- Search**: A blue button to execute the search.

Below the search form is a table with 9 columns: Item No, Description, Available Quantity, Received Quantity, Withdrawn Quantity, Posting Date, Last Created/Updated Date, Asset ID, and File Version. The table contains 4 rows of data.

Item No	Description	Available Quantity	Received Quantity	Withdrawn Quantity	Posting Date	Last Created/Updated Date	Asset ID	File Version
SM-V405UAL		260	0	11	11-24-2019	10-12-2023	SCV_EDIB52_SM-V405UAL	1
SM-G820UMB		879	0	31	11-24-2019	10-12-2023	SCV_EDIB52_SM-G820UMB	1

SM-N960UZKAVZW		1600	0	0	12-07-2018	10-12-2023	SCV_EDIB52_SM-N960UZKAVZW	1

At the bottom of the page, there is a pagination control showing "Total 4" and a dropdown menu set to "10" per page. The page number "1" is also visible in the pagination control.

7. Sellout

- On the Sellout Screen, Posting Date range is required. Other filters are optional.
- The data can be downloaded to excel. Note that Sellout data is independent/separate from the ASN data.
